HIGH-DEFINITION DESIGNS FOR UNIQUE STORIES

The Vintage Collection adds high definition print to a design carpet tile concept. Manufactured in a hard-wearing multi-level loop pile construction, Vintage delivers a warm and inspiring atmosphere through its artistic patchwork prints. Every room will enjoy a unique story; three unique patterns in Felina, Firenze and Ferrara are

each available in six vintage coloured prints that can be shuffled randomly. Vintage is made from 100% regenerated ECONYL® yarn and is available in 50 x 50cm tiles or four-metre wide broadloom. This multi-format collection is perfectly suitable for hospitality and commercial interiors.
